MONOCHROME

COLORING SOLUTION GUIDE

Monochrome Japan

Every page, shown two ways.

BY MAISIE BLOOM

WELCOME

Two ways to finish every page.

Inside, you'll find every page from *Monochrome Japan* shown two ways:

OPTION 1

Fill the objects. Leave the background white for a light, airy page.

OPTION 2

Fill the background. The objects stay white for a bold, dramatic page.

Use this guide when you're not sure which shapes to fill, or as inspiration for which style to try. There's no right or wrong. Pick the one that feels relaxing today, and come back tomorrow to try the other.

Happy coloring,
Maisie Bloom
